

## T-HEAD BOLTS & NUTS

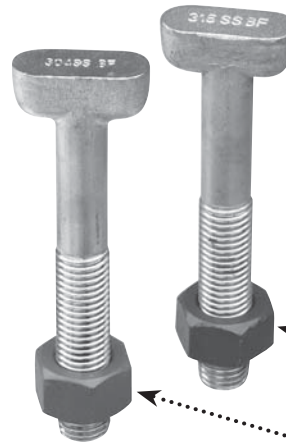

Available in Type 304 and 316 Stainless Steels and Corten Anti-Rotation Types

### TYPE 304 & 316 STAINLESS STEEL

The 3/4" x 4" bolt is threaded 1/2" longer than the standard to permit use as a 3/4" x 3-1/2" bolt.

Heads are stamped with the type of stainless. Ideal for corrosive soils. Provided with coated heavy hex nut to prevent galling.

<u>Size</u>	<u>Type 304 Item No.</u>	<u>Type 316 Item No.</u>
3/4" x 3-1/2"	364-3487	364-3387
