**i** If you are unsure of the correct size for your job, please contact your Trumbull Rep before ordering.

### INDUSTRY-LEADING 16 SIZES

Nitrile seal elements, for oil, fuels, motor oil and kerosene, or for low durometer EPDM compound or silicone, see Link-Seal® Modular Seals catalog.

### MODEL "C"

For use in water and waste water, EPDM Rubber. Bolts and nuts are carbon steel, zinc dichromated with a proprietary corrosion inhibiting coating.

### MODEL "S-316"

For chemical processing and waste water treatment, EPDM Rubber. Bolts and nuts are 316 Stainless Steel.

### **i** HOW LINK-SEAL® MODULAR SEALS WORK ...

**1** Link-Seal® modular seals are shipped as a belt of interconnecting rubber links.

**2** Wrap the belt around the pipe and connect the first and last links together.

**3** Slide the assembly into the space between the pipe and wall opening.

**4** When the bolts are tightened, Link-Seal Modular Seals® expand to create a gas and water tight seal.
