

## Chainwheel Connecting Links and Chain

### Sprocket-Type Chainwheels

Ductile Iron & Aluminum Models

### Pocket-Type Chainwheels

Carbon Steel & Stainless Steel Models

**SINGLE LOOP CHAIN**  
 engages with the teeth in the wheel.

**WELDED LINK MACHINE CHAIN**  
 fits in pockets in the wheel.

Smooth chain links provide more comfortable operation.

*i* When ordering chain, indicate the Chainwheel and Chain size numbers, also the number of feet of chain required. Chain is provided in continuous lengths and easily cut in the field to exact length needed.

Closing the loop is simple with "Connecting Links".
