

Lighted Valve and Curb Keys

ILLUMINATES THE INSIDE OF CURB OR VALVE BOX.

LIGHT IS RECESSED TO PROTECT FROM DAMAGE.

SIMPLE BUTTON-OPERATED LIGHT SWITCH.

Trumbull Lighted Keys make it easier for the operator to see the 2" nut on a main valve or t-head of a curb stop. Both models feature handles and shafts fabricated from Sch 40 steel pipe and extra strength tool castings.

Lighted Main Valve Keys

- Handles and shafts fabricated from 1" Sch 40 steel pipe.
- Cast steel casting fits 2" square operating nut.
- Bottom casting has mud slots that prevent packing of dirt inside socket.

Length	Item No	Weight
4 ft.	367-5118	12.80 lbs.
5 ft.	367-5119	14.10 lbs.
6 ft.	367-5120	15.40 lbs.
8 ft.	367-5123	18.00 lbs.

Lighted Curb Keys

- Handles and shafts fabricated from 3/4" Sch 40 steel pipe.
- Combination curb key casting fits t-head of curb stops up to 2", standard pentagon nut and various curb box rods.
- The curb key casting has an OD of 1-1/4" and is designed for Buffalo curb boxes, meter boxes, or arch pattern boxes with 1-1/2" or larger upper pipe sections (see page A-10 for more details).

Length	Item No	Weight
3 ft.	367-4391	6.35 lbs.
4 ft.	367-4392	6.40 lbs.
6 ft.	367-4397	8.45 lbs.

Designed to be water-resistant and shock-proof. LED bulb rated for 100,000 hours. Uses AAAA batteries which can be easily replaced in the field.
