

Valve and Curb Box Cleaners

Valve and curb boxes frequently get filled up with dirt, stones and other foreign objects that prevent keys from accessing valve or curb stops. These heavy-duty tools are designed for cleaning out 2-1/2" and 3" Buffalo curb boxes as well as 4-1/4" and 5-1/4" Buffalo valve boxes, without excavation.

Squeeze the lever to open the jaws; release the lever to close. Available in 5', 6', 7', 8', 10' and 12' lengths. Replacement jaw kits can easily be installed in the field. Replacement jaws can be interchanged on tools of other popular manufacturers.

Carbon steel jaws avoid breakage associated with cast iron jaws, and are designed for long life and abusive handling. Handle and tee are both zinc chromate plated. Fasteners are stainless steel. All other components are carbon steel and EDP coated for corrosion resistance.

STANDARD JAWS
remove small objects, dirt, stones, sand and mud

SCOOP JAWS
are designed to remove large amounts of debris, sand and mud

i **COMPETITIVE MODEL** can "over-open" and become disengaged, requiring the tool to be removed from the box & adjusted back into place

TRUMBULL JAW DESIGN prevents over-opening and disengagement
