

Shutoff Tool

For Polyethylene Water Tubing

The Shutoff Tool **IS NOT** intended for use on gas tubing!

The Trumbull Shutoff Tool can be used on polyethylene water service tubing for making emergency shutoffs where curb stops or other valves are not readily accessible.

Hinge on one end allows the tool to open for use on 3/4" and 1" polyethylene tubing. Latch on opposite end keeps tool closed during repair. Zinc chromate plated.

For use on 3/4" and 1" polyethylene water tubing only.

Latch keeps tool closed during shutoff and is easily un-latched when finished.

KNURLING helps "grab" the polyethylene tubing during shutoff

Shutoff Tool

Trumbull Item No.	Overall Length	Weight
368-9040	17-7/8"	2.90 lbs.
