

V-Bio® Enhanced Polyethylene Encasement

"Don't forget the Polywrap Tape!"

V-Bio® Polyethylene is a minimum 8-Mil co-extruded linear low-density polyethylene film infused with additives that enhance ductile iron pipe's ability to provide the long service life that is the benchmark of ductile iron pipe. Meets all requirements of the American National Standards Institute and the American Water Works Association (ANSI/AWWA C105/A21.5) standard for polyethylene encasement.

V-Bio® Enhanced Polyethylene Encasement is an innovative product from DIPRA that expands on the success of traditional polyethylene encasement. The V-Bio® film is infused with a corrosion inhibitor and an anti-microbial additive to actively control external corrosion, helping ensure the long service life utilities have come to expect from ductile iron pipe, even in the most corrosive environments.

V-Bio® is a registered trademark of the Ductile Iron Pipe Research Association.

White V-Bio® Enhanced Polyethylene Encasement

Pipe Size	Layflat Width	Perf'd Every	Item No	Roll Length
3" - 8"	20"	22 ft.	388-7831	484 ft.
10" - 12"	27"	22 ft.	388-7833	374 ft.
16"	34"	22 ft.	388-7835	308 ft.
18" - 20"	41"	22 ft.	388-7837	264 ft.
24"	54"	22 ft.	388-7839	198 ft.
30"	67"	22 ft.	388-7841	154 ft.
36" - 42"	81"	22 ft.	388-7843	132 ft.
48"	95"	22 ft.	388-7845	110 ft.
54" - 60"	108"	22 ft.	388-7847	110 ft.
64"	121"	22 ft.	388-7849	110 ft.

Blue V-Bio® Enhanced Polyethylene Encasement

Pipe Size	Layflat Width	Perf'd Every	Item No	Roll Length
3" - 8"	20"	22 ft.	625-150-00305	484 ft.
10" - 12"	27"	22 ft.	625-150-00310	374 ft.
16"	34"	22 ft.	625-150-00315	308 ft.
18" - 20"	41"	22 ft.	625-150-00320	264 ft.
24"	54"	22 ft.	625-150-00325	198 ft.
30"	67"	22 ft.	625-150-00330	154 ft.
